Travel Time 1 hrs 40 mins

Check in for your flight(s): 24 hours before your trip on Southwest.com or your mobile device to secure your boarding position. You'll be assigned a boarding position based on your check-in time. The earlier you check in within 24 hours of your flight, the earlier you get to board.

- 30 minutes before departure: We encourage you to arrive in the gate area no later than 30 minutes prior to your flight's scheduled departure as we may begin boarding as early as 30 minutes before your flight.
- 10 minutes before departure: You must obtain your boarding pass(es) and be in the gate area for boarding at least 10 minutes prior to your flight's scheduled departure time. If not, Southwest may cancel your reserved space and you will not be eligible for denied boarding compensation.
- If you do not plan to travel on your flight: In accordance with Southwest's No Show Policy, you must notify Southwest at least 10 minutes prior to your flight's

Travel more for less.

scheduled departure if you do not plan to travel on the flight. If not, Southwest will cancel your reservation and all funds will be forfeited.

Air Cost: 634 20

Fare Rule(s): Valid only on Southwest Airlines. All travel involving funds from this Confirmation Number must be completed by the expiration date. Unused travel funds may only be applied toward the purchase of future travel for the individual named on the ticket. Any changes to this itinerary may result in a fare increase. Failure to cancel reservations for a Wanna Get Away or DING! fare segment at least 10 minutes prior to travel will result in the forfeiture of all remaining unused funds.

Date Flight Departure/Arrival Tue Oct 18 Depart DALLAS (LOVE FIELD), TX (DAL) 154 on Southwest Airlines at 07:10 AM Arrive in ALBUQUERQUE, NM (ABQ) at 07:55 AM Travel Time 1 hrs 45 mins Date Flight Departure/Arrival

100034

Depart ALBUQUERQUE, NM (ABQ) on Southwest Sun Oct 23 358 Airlines at 10:05 AM Arrive in DALLAS (LOVE FIELD), TX (DAL) at 12:45 Travel Time 1 hrs 40 mins Check in for your flight(s): 24 hours before your trip on Southwest com or your mobile device to secure your boarding position. You'll be assigned a boarding position based on your check-in time. The earlier you check in within 24 hours of your flight, the earlier you get to board. Bags fly free®: First and second checked bags. Weight and size limits apply. One small bag and one personal item are permitted as carryon items, free of charge. 30 minutes before departure: We encourage you to arrive in the gate area no later than 30 minutes prior to your flight's scheduled departure as we may begin boarding as early as 30 minutes before your flight. 10 minutes before departure: You must obtain your boarding pass(es) and be in the gate area for boarding at least 10 minutes prior to your flight's scheduled departure time. If not, Southwest may cancel your reserved space and you will not be eligible for denied boarding compensation. If you do not plan to travel on your flight: In accordance with Southwest's No Show Policy, you must notify Southwest at least 10 minutes prior to your flight's scheduled departure if you do not plan to travel on the flight. If not, Southwest will cancel your reservation and all funds will be forfeited.

Fare Rule(s): Valid only on Southwest Airlines. All travel involving funds from this Confirmation Number must be completed by the expiration date. Unused travel funds may only be applied toward the purchase of future travel for the individual named on the ticket. Any changes to this itinerary may result in a fare increase. Failure to cancel reservations for a Wanna Get Away or DING! fare segment at least 10 minutes prior to travel will result in the forfeiture of all remaining unused funds

RE: Certification of Annual Allocation (FY 2015)
REGION 8 START IV
CONTRACT NO. EP-S8-13-01

Dear Ms. Beresford:

I hereby certify that the Annual Allocation Report for fiscal year 2015 is in agreement with Weston Solutions, Inc. accounting data for the period ending September 2015.

Please contact me at (303) 729-6114 if you have any questions regarding the above certification.

Very truly yours, WESTON SOLUTIONS, INC.

MAGO

Mark Blanchard, P.G.

START IV Program Manager

Methodology Used In Preparation Of the Annual Allocation Report Fiscal Year 2015 EPA Contract No. EP-S8-13-01

Determination of Costs to be Reported

- A. <u>Total Costs</u> WESTON based the Annual Allocation Report for fiscal year 2015 on Site Specific Invoice Nos. 017 through 028. The cumulative amounts of costs billed during fiscal year 2015 were \$5,834,379.74.
- B. <u>Program Management and Fees</u> No Program Management and fees were billed during fiscal year 2015.
- C. <u>Regional Program Management</u> No Regional Program Management and Fees were billed during fiscal year 2015.
- D. Start-up Costs No Start-up Costs were billed during fiscal year 2015.
- E. <u>Capital Equipment</u> No Capital Equipment was billed during fiscal year 2015.
- F. <u>Site-Support Costs</u> Site Support Costs represent the costs of all non-site-related activities that were determined to have some benefit to site-related activities. This determination of allocability was made in accordance with the *Instructions for Performing the Annual Allocation of Non-Site Specific Costs* guidance published by the Program Costing Staff of EPA's Office of Financial Management.
- G. <u>Program-Wide Costs</u> Total Program-Wide Costs included all non-allocable, non-site activities that are general in nature and performed for reasons other than supporting site activities; or were conducted in other Regions.

CONTRACTOR: Weston Solutions, Inc.

CONTRACT #: EP-S8-1301

FY (s): <u>2015</u>

EPA CERTIFICATION OF CONTRACT REVIEW

I certify that this contract: <u>EP-S8-1301</u> for <u>FY 2015</u> is complete and correct according to EPA's Instructions for Performing Annual Allocation and the Annual Allocation contract clause and guidance.

MEMORANDUM

SUBJECT: Annual Allocation Report for FY 2015

Weston Solutions, Inc., Contract No. EP-S8-1301

FROM:

Dale H. Miller

Chief, Program Accounting Branch (2733R)

Accounting & Cost Analysis Division

Office of the Controller

TO:

Laurie Padilla, Superfund Accountant, Region 8

The annual allocation report for contract EP-S8-1301 with Weston Solutions, Inc., fiscal year 2015, was approved by the Program Accounting Branch and is now ready for inclusion in cost recovery packages. PAB reviewed the reports to ensure that they are in accordance with Superfund financial management policies as provided in the annual allocation contract clause and the guidance, "Instructions for Performing the Annual Allocation Process". The annual allocation package, which includes the annual allocation rate, annual allocation report from the contractor and supporting documentation and guidance will be available in the SCORPIOS database under the applicable invoices/vouchers for these reports: TO01-017 - TO08-028.

Master Allocation Schedule (Attachment A) - This schedule provides the contractor's records of costs charged to the sites in your region and in other regions and to the non-site account (column A). The total amount paid under this contract (column A, last line) was reconciled between contractor records and EPA's Contract Payment System (CPS) (supporting documentation is included). The Master Allocation Schedule uses a step-down method to allocate applicable non-site-specific charges to the sites and program-wide non-site activities (columns C through I). The non-site specific costs may be broken into more categories than national or regional program management for appropriate accounting treatment and are supported by back-up schedules (attachments B, C and D).

Attachments B, C and D - If additional non-site specific cost categories (other than program management) were incurred, they are supported by additional schedules that appropriately amortize or categorize these costs: Start-up (Attachment B), Capital Equipment (Attachment C) and Non-site Activities (Attachment D).

<u>Contractor Certification and Statement of Methodology</u> - The Contractor Certification provides the Contractor's attestation that the accounting information provided in the annual allocation report is supported by their records. The Statement of Methodology briefly describes the procedure used to create the annual allocation report.

<u>Annual Allocation Rate Calculation</u> - This schedule has been prepared by PAB and provides a rate (or ratio) of the allocable non-site costs to be applied to the sites from the contractor's Master Allocation Schedule for your region.

<u>EPA Certification of Contract Review</u> - This is PAB's certification of support for the annual allocation report.

Memoranda pertaining to the annual allocation report methodology or other pertinent correspondence - Any correspondence providing explanations of alternate methodologies or other relevant information will be included.

Annual Allocation Report Review Checklist and the Excel calculation page(s) - This is a detailed review checklist documenting the process by which the EPA certifies as to the accuracy and appropriateness of the methodology used for the annual allocation report. The Excel calculation page(s) provides detailed results of the sample calculation tests of Attachment A and other attachments as necessary.

<u>Determination of Amount Paid report with Contractor's list of invoices and EPA CPS payment summary</u> - This is the support for the agreement of the "Total Amount Paid" on the Attachment A.

The following background information about annual allocation is available:

Annual Allocation Contract Clause and "Instructions for Performing Annual Allocation"-The clause and instructions included in this package are provided to the contractors and are the basis for preparing the annual allocation report. In order to understand the methodology used to prepare the report, please refer to this document. See EPA website: http://intranet.epa.gov/ocfo/superfund A/annual allocation/aaguide.pdf under Superfund.

If you have any questions, please contact Jill Beresford at (202) 564-3145.

The information request on this form is required under the provisions of 31 U.S C. 82b and 82c, for the purpose of disbursing Federal money. The information requested is to identify the particular creditor and the amounts to be paid. Failure to furnish this information will hinder discharge of the payment obligation.

1

Form Approved - OMB No 2030-0005 - Approval Expires 1-31-00 United States Environmental Protection Agency Washington, DC 20460 OF 2 PAGES PAGE NOTICE OF CONTRACT COSTS SUSPENDED AND/OR DISALLOWED TO: (Name and Address of Contractor) Contract Number Date Weston Solution, Inc. EP-W-06-042 8/30/17 1400 Weston Way West Chester, PA 19380 Voucher Number Reference Delivery Order Number (If Applicable) B7092055697 I. SUSPENDED COSTS, as referred to herein, are costs which, for the reasons stated below, have been determined by the undersigned to be inadequately supported or otherwise questionable, and not appropriate for reimbursement under the contract terms at this time. Such costs may be determined reimbursable after the contractor provides the Contracting Officer and/or Project Office additional documentation or explanation as specified below. II. DISALLOWED COSTS, as referred to herein, are costs which for the reasons stated below, have been determined by the undersigned to be unallowable, that is, not reimbursable under the contract terms. III. This notice must be responded to by the contractor within 60 days of issuance. Any suspended costs will become disallowed if the contractor does not respond in the time allotted. These disallowed costs should be removed from the contractor's accounting records for this contract. IV. The contractor may not rebill any suspended costs on this form until notified by the Contracting Officer and/or Project Officer on this contract that the suspension has been lifted. V. If the contractor disagrees with this/these determinations, the contractor may (1) request in writing the cognizant contract officet to consider whether the unreimbursed costs should be paid and to discuss their findings with the contractor and/or (2) file a claim under the "Disputes" Clause of the contract. VI. Copies of this Form 1900-68 should be distributed to the Contracting Officer, Project Officer, RTP Finance, and the applicable Cost Advisory Office. Invoice Number 8/30/17 43-017 A. COST SUSPENSION Date of Notice Name and Title of Authorized Official Contracting Officer Signature And/or Project Officer William LaBombard - Project Officer ITEM Description of Items and Reason for Action. Documentation needed in order to rebill suspended costs. Amount of Costs All There was an error in the EPA's Contract Payment System that resulted in a \$1.00 \$1.00 suspension from the total invoiced amount. This was at no fault to the vendor, but the only way to resolve it is to process the reduced payment amount, and allow the contractor the opportunity to submit a new invoice for the suspended amount of \$1.00. **B. REMOVAL OF SUSPENSION** Date of Notice 8/30/17 Invoice Number 43-017 Name and Title of Authorized Official Contracting Officer Signature And/or Project Officer William LaBombard - Project Officer Amount of Costs ITEM Description of Items and Reason for Action. All The contractor may submit a new invoice for the suspended amount of \$1.00. \$1.00 C. DISALLOWANCE OF COST Date of Notice Invoice Number Contracting Officer Name and Title of Authorized Official Signature And/or Project Officer ITEM Description of Items and Reason for Action. Documentation needed in order to rebill suspended costs. **Amount of Costs** CONTRACTOR'S ACKNOWLEDGMENT OF RECEIPT - The contractor or its authorized representative shall acknowledge receipt fo this notice to the Project Officer and/or Contracting Officer. Date of Notice Name and Title of Authorized Official Signature

SUPPORT FOR EPA INDIRECT RATES

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

SEP 2 8 2017

OFFICE OF THE CHIEF FINANCIAL OFFICER

MEMORANDUM

SUBJECT: Superfund Actual Indirect Cost Rates for FY 2016

FROM; Dale H. Miller, Chief

Program Accounting Branch

TO: Lead Superfund Accountants

This memorandum issues actual Superfund Indirect Cost rates for FY 2016 and Superfund provisional indirect cost rates for FY 2017 and beyond.

The rates will be published on the OCFO intranet website. Links will be provided in the issuance email when the rates are posted.

As set forth in the Office of the Comptroller Policy Announcement 00-05, "Accounting for Indirect Costs Associated with Superfund Site-Specific Activities," these rates are based on EPA's current indirect methodology.

Attached to this memorandum are three schedules. Schedule A includes the actual indirect cost rates for FYs 1990-2016. These indirect cost rates are based on the actual costs for those fiscal years. Schedule B contains the Superfund provisional indirect cost rates for FY 2017 and beyond. These provisional rates are based upon FY 2016 actual costs and will be updated after the FY 2017 actual indirect rates have been computed. Schedule C contains the Superfund indirect cost rates applicable to FYs 1983-1989.

Indirect rates for reimbursable interagency agreements including the Oil Spill Program are now issued separately. New IA rates will be issued in early FY 2018 which will apply to agreements negotiated in FY 2017. Current FY 2017 Superfund indirect rates are available at: http://intranet.epa.gov/ocfo/superfund A/indirect cost rate.htm

Please disseminate this communication to your respective regional, program and counsel offices, as applicable.

If you have any questions, please contact Alan Eng at (202) 564-3203.

SUPPORT FOR ANNUAL ALLOCATION PROVISIONAL AND CLASS RATES

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

FEB 17 2017

MEMORANDUM

OFFICE OF **CHIEF FINANCIAL OFFICER**

SUBJECT: FY 2017 Annual Allocation Provisional Rates Dale H. Mulle

FROM: Dale H. Miller, Chief

> Program Accounting Branch (2733-R) Accounting & Cost Analysis Division

Office of the Controller

TO: Regional Superfund Accountants

The purpose of this memo is to provide you the FY 2017 Annual Allocation Provisional Rates for Superfund contracts subject to Annual Allocation which do not have a final rate. The Program Accounting Branch used the Contractors Annual Allocation Tracking System in SCORPIOS to generate the National Annual Allocation Provisional Rate report (attached) to create the provisional rates. PAB reviewed these rates and entered them into the annual allocation rates module of SCORPIOS. Effective immediately, you should begin using these rates for cost recovery. SCROPIOS is the best tool to obtain an individual contract's rate. SCORPIOS reflects how the costs have been allocated and determines if the final rate is based on the site, region and/or overall report site costs.

The attached National Annual Allocation Provisional Rate report includes all contracts that have a final rate as of September 30, 2016 grouped by the following contract classes; ARC, EMS, ERC, ERR, ESS, EST, FIT, HRS, NEL, RAC, REM, RFT, SER, ST3, STR, TAT and TES. We excluded the 1988-1991 ARC annual allocation reports to reflect more recent trends in program management charging. The provisional rate calculation for each of the contract classes is based on 80% of the weighted average final contracts rate of that particular contract class. Once a contract has an approved report, the weighted average provisional rate will be superseded by the final report rate for that contract and this final rate will be entered into SCORPIOS.

We are also including a copy of the Annual Allocation Provisional Rate Guidance, updated FY 2011. The policy and the National Annual Allocation Provisional Rate report will serve as documentation for provisional rates in cost recovery packages.

This memo is an update from the memo dated January 31, 2017 which did not list the SER contract class. The SER contract class was included in the Provisional Rates report of all contract clusses and no further change is required. If you have questions, please contact Jill Beresford at (202) 564-3145.

Annual Allocation Provisional Rate Guidance

Background

The purpose of the Annual Allocation (AA) process is to make the costs available for recovery from Responsible Parties. This is accomplished by allocating Superfund contractors' site related non-site activities such as program management, start-up, and capital equipment to the benefiting sites. The contractors submit reports to the Program Accounting Branch (PAB) annually using an EPA prescribed methodology. Once PAB approves the annual allocation report, the report is then made available to the Regional Superfund Accountants through SCORPIOS. An annual allocation rate is calculated for that contract for that report year(s) based on the ratio of total costs allocated to sites divided by total site costs.

This provisional rate policy allows for the recovery of annual allocation costs for the current and any prior years for which the latest annual allocation rate has not been finalized. Two types of provisional rates have been established: first, when a prior period rate has been established for that contract (prior period provisional rate), second, for most contract types, when no prior year annual allocation rate has been established (weighted average provisional rate). Further explanation is provided below for the two types of provisional rates. Provisional rates will be entered into SCORPIOS by PAB. (Note: the provisional rate will be clearly indicated as such in SCORPIOS.)

<u>Prior Period Provisional Rates: Contracts with Established Annual Allocation Rates - All Contract Types</u>

For each individual contract, provisional rate(s) will be set at 80% of the most recently established AA rate(s) for the respective contract. For example, a final rate for the TAT contract 68-W0-0037 for FY 1991 has been established at .899255. For the subsequent years of the contract, a prior period provisional rate of 80% of .899255 or .719404 is available for this contract only. For contracts with prior year site specific rates, where it is not clear that the site will receive additional costs requiring a site rate, no provisional site specific rates will be established. For sites with a final prior year site rate, the Agency will use the prior period provisional overall contract rate. For those contracts with base and option year annual allocation rates, the follow-on rate will be based on the option year rate - not the average of the two rates: PAB will manually input this rate into SCORPIOS. For example, the RAC contract 68-W98-225 C112M Hill has a base year rate for 2003 of .010066 and an option year 2003 rate of .043054 which is not delineated in SCORPIOS except by invoice number (SCORPIOS doesn't yet have the ability to differentiate between base and option year reports from the same fiscal year.) The prior period provisional rate manually entered by PAB is 80% of the option year rate or .034443.

Weighted Average Provisional Rates: Contract without Established Annual Allocation Rates - Most contract types:

ARCS, ERCS, EMSL/EPIC, ERRS, ESAT, ESS, FIT, HRS, NEIC, RACS, REM, TES, START, START 3 (new START contracts with lower rates), TAT, and TES Contracts

Weighted average provisional rates are established at 80% of the average of the final rates for each respective type of contract. For example, final rates for the completed ERCS contract will be averaged then multiplied by 80% to determine the provisional rate for the remaining ERCS contracts. This provisional rate will be updated once a year for each of the contract types. For ARCS contracts only: the weighted average provisional rate is based on final reports from FY1992 and later to reflect more recent trends in program management charging. Note: for calculation purposes, finalized contracts with site specific or regional rates are averaged in SCORPIOS/CAATS to create one contract wide rate, therefore the rate for a contract in the SCORPIOS/CAATS weighted average calculation worksheet may differ from the several rates included in SCORPIOS.

Exclusion of Contracts from Receiving Weighted Average Provisional Rates

Based on the contract award documents and consultation with Contracts/Program Office staff, PAB may exclude a contract with an established weighed average provisional rate such as ERRS from receiving the weighted average provisional rate. If the contract does not have any allocable non-site specific costs, the contract will not receive its weighted average rate in SCORPIOS and will be excluded from the annual allocation process. A designation of "2" at the end of the contract type description will be used to segregate contracts without Annual Allocation in the SCORPIOS database. For example, ERRS contracts which do not include annual allocation will be designated as ER2 in SCORPIOS.

New Contract Types with Lower Rates

No provisional rate will be established on new contract types until final report rates of these contracts have been established. Many contract types may have significantly lower rates in recent rounds of contracting and will be designated as "3" such as START 3 (ST3) contracts. This differentiation will ensure that new contracts are using an appropriately lower provisional rate.

The Completed Contract Rate (3rd Rate)

After consultation with Department of Justice, PAB has established a methodology to calculate a Completed Contract Rate, or 3rd Rate, for older contracts which do not have a final year's rate calculation. This rate is calculated by averaging the contract's final site/regional rates from all approved reports by PAB. Contracts that have not had any final site or regional rates calculated over the period of performance will use the final year's Provisional Rate calculated for the respective Contract Class. PAB is responsible for calculating the 3rd Rate and entering it into

100150

SCORPIOS. Supporting documentation used to calculate the 3rd Rate will also be scanned into SCORPIOS for use in cost packages.

Documentation of Provisional Rate Calculations

PAB will issue a memo to all Regional Superfund Accountants announcing new rates and providing provisional rate calculation worksheets for the appropriate contract types. All rates will be entered into SCORPIOS for the weighted average provisional rates on contracts that do not have any final rate, Superfund Accountants shall supply this information to cost recovery litigation teams. EPA will also provide provisional rate worksheets to the Superfund Accountants and DOJ through SCORPIOS. The worksheets and this policy document should be included in cost packages provided to Potential Responsible Partics.

Support of Provisional rate in Trials

EPA is prepared to support the provisional rates with appropriate expert testimony at trial and through affidavits in support of motions.

Costs adjustments due to publishing of revised AA provisional rates or completion of actual applicable annual allocation report

EPA will allow for costs adjustments upward and downward due to the above circumstances during settlement negotiations until the settlement is consummated. Once settlement or judgment has been reached, however, post-settlement or judgment adjustments will not be made unless the agency is ordered to do so by the court. Regional Superfund Accountants will implement cost package adjustments as necessary to allow for timely inclusion of the appropriate rate.
